Copy of high school diploma or equivalent or higher education and official translation in English.

Courses

Term 1 – 8 Weeks

Creative Arts Fundamentals 1 – 120 hours

Students will apply fundamental skills of visual design and aesthetic principles to photography, video and advertising projects. The course outcomes also include critical thinking, composition and image-making techniques in still photography and motion picture.

Core assignments:

Elements of Design and Composition; Lens-based Media and Motion Picture and Photoshop.

English for Arts Fundamentals 1 – 114 hours

This course focuses on developing the language, fluency, and communication skills necessary for students to be able to describe projects, pitch ideas, and deliver presentations. In addition, students will learn to organize and express their ideas following instructions for various layouts and tasks using industry-specific vocabulary related to creative arts.

Term 2 – 8 Weeks

Creative Arts Fundamentals 2 – 120 hours

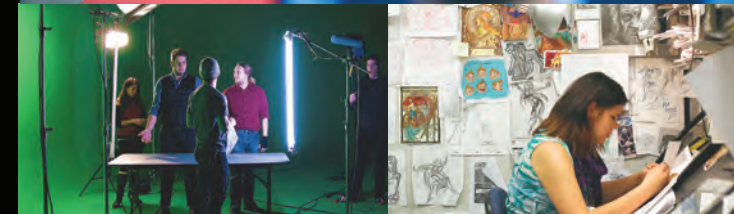

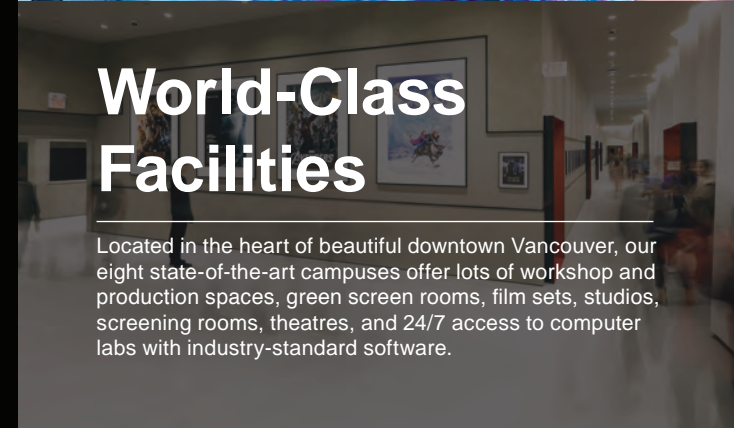

Students will continue to apply fundamental skills of visual design and aesthetic principles to photography, video and advertising projects. The course outcomes also include critical thinking, composition and image-making techniques in still photography and motion picture.

Core assignments:

Elements of Design and Composition, Lens-based Media and Motion Picture, Photoshop, Game Design and Animation.

English for Arts Fundamentals 2 – 114 hours

Students will continue to develop the language, fluency, and communication skills necessary to describe projects, pitch ideas, and deliver presentations.
